## Nairobi

Kenya's capital city has risen from a highland swampland called by the Ewaso Nai'beri – the place of cold – by the local Masai. When railway workers reached this area in 1899, they set up a basic camp and supply depot. The camp became a rustic village, and then a shanty town, which by 1907 was the capital of all of British East Africa. It was soon an important centre for the colony and a mecca for adventurers, hunters and travellers from all over the world. Modern Nairobi is still the safari capital of the Africa, and has become one of Africa's largest and most interesting cities.

The 84 guest rooms, decorated in Masai traditional style, are arranged in clusters of 6 banda built in natural wood and stone and comprise 60 twin rooms, 12 double, 4 double+single and 8 triple rooms, all with en suite showers. Each spacious room opens onto a private veranda with uninterrupted views across the river. Wide, well-lit pathways connect the public areas and rooms.

## Masai Mara Game Reserve

It is no surprise that the Masai Mara ranks up near the top of most famous game reserves in the world. The land of the Mara is covered with herds of antelope, interspersed with prides of lions, journeys of giraffe, dazzles of zebra, and almost every other collective animal noun you can think of. The sightings are nothing short of fantastic, and it is definitely the park to visit to tick off your "wildlife of Africa" list. The scenery of the park is similar to the open plains of the Serengeti, although the Mara is dotted with more trees, and the game viewing is equal to, or can be better than, its southerly sister

Lake Nakuru is one of the best locations in East Africa to view rhinos, and is home to both the black and white species. ### Ngorongoro Serena Lodge

Regularly voted one of the best hotels in the world, the Ngorongoro Serena Lodge clings to the rim of the magnificent Ngorongoro Crater. The lodge takes inspiration from the so-called 'Cradle of Mankind', the prehistoric site of Olduvai Gorge, which lies close by. Long and low, the lodge is built from local river stone and camouflaged with indigenous vines. Linked by arched stone passages and timbered decks, and lit by flaring torches, the lodge and rooms are decorated with stylized prehistoric cave paintings. Designed to blend completely into the landscape, it is invisible from the floor of the Crater 600m below. Strung around the Crater rim, each with its own rock enclosed balcony, the 75 rooms feature brass lamps, embossed leather headboards, wildwood mirrors, and Masai carvings. Each room enjoys uninterrupted views of the caldera far below.

### Ngorongoro Crater

A unique and fascinating game viewing destination, the Ngorongoro Crater is a must-see on any Tanzania safari. Being the world's largest intact caldera, and the result of a collapsed volcano thousands of years ago, the 260 square kilometres of crater floor hosts up to 25 000 animals at all times of year. This makes it one of the most dense wildlife areas in Africa, and allows for many memorable sightings.

**Day 8****17 Aug 2014****Ngorongoro Crater**

A major highlight awaits you this morning as you drive down the steep walls of the Crater to the floor below to spend the day on a game drive, enjoying a picnic lunch surrounded by wildlife.

The iconic, endless, golden plains of Africa are nowhere more evident than within this national park, as they stretch off into eternity, dotted throughout with thousands of animals. Located in the north-west corner of Tanzania, alongside Lake Victoria, the Serengeti has earned its place as one of the world's most famous wildlife areas.

Arrive: 20 Aug 2014 | Depart: 21 Aug 2014

1 night (all meals)

### Lake Manyara Serena Lodge

Lake Manyara Serena Safari Lodge stands high on the edge of a towering terracotta escarpment with panoramic views over Lake Manyara. Grouped around a central 'vanishing horizon' pool, this Lodge features a simple timbered reception area, built in traditional African style, which is accessed via a bridge over a small stream. Beyond the reception are the central dining room, bar and veranda, below which lies the pool. Dotted around the grounds, all with views over the lake, are a series of circular, white-washed 2 storey thatched 'rondavels', which house the rooms. Each spacious circular room has its own small veranda.

### Lake Manyara National Park

Being a relatively small park, and with Lake Manyara taking up the majority of the area, Lake Manyara National Park can be covered easily on half-day game drives, but these drives are usually very rewarding despite their brevity. The scenery and birdlife are Lake Manyara's major attractions, with the lake being perfectly located to offer spectacular views along the Great Rift Valley.

Day 12

21 Aug 2014

Lake Manyara National Park ~ Tarangire National Park

This morning you will drive to Tarangire National Park, where you will have lunch at **Tarangire Sopa Lodge** before spending the afternoon on a game drive. You will be in Tarangire for **1 night on a full board basis**.

The Lodge lies hidden among the kopjes and surrounded by ancient baobab trees. Tarangire is the home of one of the greatest concentration of elephants in Africa, and showcases other game including the elusive leopard. Over 400 bird species can be spotted here as well.

### Tarangire National Park

One of the best dry season parks in the region, from July through to October an enormous amount of wildlife is drawn inside Tarangire to access the water from the Tarangire River and the Silale Swamps, allowing for very rewarding game viewing experiences. The park is home to some of the largest elephant herds of East Africa, and the scenery is particularly popular for the wide open, Serengeti-like plains, decorated with enormous and commanding Baobab trees.
