Dotted around the grounds, all with views over the lake, are white-washed 2 storey thatched 'rondavels', which house the spacious circular en suite rooms, each with its own small veranda.

Lake Manyara National Park

Being a relatively small park, and with Lake Manyara taking up the majority of the area, Lake Manyara National Park can be covered easily on half-day game drives, but these drives are usually very rewarding despite their brevity. The scenery and birdlife are Lake Manyara's major attractions, with the lake being perfectly located to offer spectacular views along the Great Rift Valley.

Serengeti National Park

The word "Siringit" means "endless plains", and this is understandably from where the Serengeti National Park takes its name. The iconic, endless, golden plains of Africa are nowhere more evident than within this national park, as they stretch off into eternity, dotted throughout with thousands of animals. Located in the north-west corner of Tanzania, alongside Lake Victoria, the Serengeti has earned its place as one of the world's most famous wildlife areas.

Linked by arched stone passages and timbered decks, and lit by flaring torches, the lodge and rooms are decorated with stylized prehistoric cave paintings. Strung around the Crater rim, each with its own rock enclosed balcony, the 75 rooms feature brass lamps, embossed leather headboards, wildwood mirrors, and Masai carvings.

Ngorongoro Crater

A unique and fascinating game viewing destination, the Ngorongoro Crater is a must-see on any Tanzania safari. Being the world's largest intact caldera, and the result of a collapsed volcano thousands of years ago, the 260 square kilometres of crater floor hosts up to 25 000 animals at all times of year. This makes it one of the most dense wildlife areas in Africa, and allows for many memorable sightings.

**Day 7****12 Nov 2014****Ngorongoro Crater**

A highlight awaits you after breakfast as you descend through the early morning mists and 2,000 feet into the crater. Due to its size and diversity, the crater floor is comprised of several distinct areas, ranging from forest, swamps, lakes and springs, to open grassland and some sandy dunes. It's an awesome wildlife experience. A picnic lunch is served overlooking a small lake populated with hippos. You return to the **Ngorongoro Serena Lodge** in the late afternoon.

Day 8 **13 Nov 2014** **Ngorongoro Crater ~ Tarangire National Park**

Some facilities on offer are a gift shop, swimming pool, laundry and a babysitting service.

Tarangire National Park

One of the best dry season parks in the region, from July through to October an enormous amount of wildlife is drawn inside Tarangire to access the water from the Tarangire River and the Silale Swamps, allowing for very rewarding game viewing experiences. The park is home to some of the largest elephant herds of East Africa, and the scenery is particularly popular for the wide open, Serengeti-like plains, decorated with enormous and commanding Baobab trees.
