Ubuntu Camp

Ubuntu Camp is a mobile luxury tented camp which follows the natural flow of the wildebeest through the Serengeti eco-system. From August to November the camp is perfectly positioned in a new campsite to intercept the same animals as they arrive in the north. Each tent is either a double or twin (triples available), with flush toilets and running water in en-suite bathrooms. Hospitality, great food, and a wonderful relaxed environment is the essence of Ubuntu Camp.

Serengeti National Park

The word "Siringit" means "endless plains", and this is understandably from where the Serengeti National Park takes its name. The iconic, endless, golden plains of Africa are nowhere more evident than within this national park, as they stretch off into eternity, dotted throughout with thousands of animals. Located in the north-west corner of Tanzania, alongside Lake Victoria, the Serengeti has earned its place as one of the world's most famous wildlife areas.

Day 2 & 3 **07 & 08 Oct 2014** **Serengeti National Park**

For these two days you will participate in daily scheduled game-drives in an open-sided camp 4WD Vehicle inside the Serengeti National Park. Early in the morning of **08 October** you will be driven to the launch point for your **Hot-Air Balloon Safari** over the Serengeti plains. After drifting for about an hour you will land and enjoy a champagne breakfast in the wilderness, before being driven back to camp.

A morning game drive will take you to the Kogatende Airstrip for your **Regional Air Flight** leaving at **10h00** for the Manyara Airstrip. Explorens Ngorongoro Lodge
Explorens Ngorongoro Lodge is a log cabin-style retreat in the Ngorongoro volcanic landscape. Accommodation consists of 20 luxury en suite cottages with open fire places in the bedrooms and living rooms, and large private viewing terraces with sofas and dining areas. Facilities include a kingsize canopy bed, large shower, 2 hand wash basins, private toilet, and in-room safe, as well as a butler on call. The formal dining room features an outdoor terrace where Mediterranean cuisine is fused with local dishes. Pool and bush dinners as well as sundowner cocktails can be reserved in dedicated areas around the lodge and also enjoyed around campfires.

Lake Manyara National Park

Being a relatively small park, and with Lake Manyara taking up the majority of the area, Lake Manyara National Park can be covered easily on half-day game drives, but these drives are usually very rewarding despite their brevity. The scenery and birdlife are Lake Manyara's major attractions, with the lake being perfectly located to offer spectacular views along the Great Rift Valley.

Ngorongoro Crater

A unique and fascinating game viewing destination, the Ngorongoro Crater is a must-see on any Tanzania safari. Being the world's largest intact caldera, and the result of a collapsed volcano thousands of years ago, the 260 square kilometres of crater floor hosts up to 25 000 animals at all times of year. This makes it one of the most dense wildlife areas in Africa, and allows for many memorable sightings.

Day 5

10 Oct 2014

Ngorongoro Crater

A highlight awaits you this morning as you descend with a picnic lunch 2,000 feet into the crater. Due to its size and diversity, the crater floor is comprised of several distinct areas, ranging from forest, swamps, lakes and springs, to open grassland and some sandy dunes. It's an awesome wildlife experience. A picnic lunch is served overlooking a small lake populated with hippos. You return to the lodge in the late afternoon.

The rooms are equipped with large double or twin beds, mosquito nets, fans, safes, fridges, and indoor and outdoor seating areas. The rooms are connected to the main buildings by wooden walkways or paths through indigenous forest. Some rooms are situated along the beachfront and the remaining on the hillside, which have wide views over the lagoon. The main hotel is built under thatch and is large and airy with a view of the ocean.

Zanzibar

The Zanzibar Archipelago has lured travellers to its pristine, white beaches for centuries. The main island of Zanzibar (correctly named Unguja), has a plethora of accommodation options, ranging from rustic beach bungalows to large and glitzy resorts, and can offer something to everyone's taste. Sandy beaches run the length of the coast, shaded by green palm trees, and caressed by turquoise waters.

Stone Town

The capital of Zanzibar is Zanzibar Town, in which Stone Town is a bustling, energetic and fascinating ancient part. With narrow mazes as streets, and intricately carved doors decorating the white-washed buildings, Stone Town invites you to explore its inner zones, and many an hour can be spent taking it all in. Nairobi

Kenya's capital city has risen from a highland swampland called Ewaso Nai'beri – the place of cold – by the local Masai. When railway workers reached this area in 1899, they set up a basic camp and supply depot. The camp became a rustic village, and then a shanty town, which by 1907 was the capital of all of British East Africa. It was soon an important centre for the colony and a mecca for adventurers, hunters and travellers from all over the world. Modern Nairobi is still the safari capital of the Africa, and has become one of Africa's largest and most interesting cities.
